Course Details:

French Language is classified into six levels in the CEFRL (Common European Framework of Reference for Languages). viz. A1, A2, B1, B2, C1 & C2. The CEFRL is an international standard for describing language ability. It describes language ability on a six-point scale, from A1 for beginners, up to C2 for those who have mastered a language.

on topics that are familiar or of personal interest. You can describe experiences and events, dreams, hopes, and ambitions, and briefly give reasons and explanations for opinions and plans.

Question: By finishing B2, can I increase my fluency in French?

Answer: Yes, you can understand the main ideas of complex text on both concrete and abstract topics, including technical discussions in their field of specialization. You can interact with a degree of fluency and spontaneity that makes regular interaction with native speakers quite possible without strain for either party. You can produce clear, detailed text on a wide range of subjects

Question: what will I learn by finishing C1?

Answer: You can understand a wide range of demanding, longer clauses, and recognize implicit meaning. You can express ideas fluently and spontaneously without much obvious searching for expressions. You can use language flexibly and effectively for social, academic, and professional purposes. You can produce clear, well-structured, detailed text on complex subjects, showing controlled use of organizational patterns, connectors & cohesive devices.

Question: How much will I get benefitted By completing C2?

Answer: You can understand virtually everything heard or read. You can summarize information from different spoken and written sources, reconstructing arguments and accounts in a coherent presentation. You can express yourself spontaneously, very fluently, and precisely, differentiating finer shades of meaning even in the most complex situations.

Question: What can I achieve by finishing A1?

Answer: By finishing A1 from HERE AND NOW - The French Institute, you can understand and use familiar everyday expressions and basic phrases aimed at the satisfaction of the needs of corporate & of a concrete type. You can introduce yourself and others. You can ask and answer questions about personal & professional details such as where you live, work, people you know & work with, things you have, and their basic functions. You can interact in a simple way provided the other person talks slowly & clearly and is prepared to help.

Question: What are the skills I gain by finishing A2?

Answer: By finishing A2 from HERE AND NOW - The French Institute, you can understand sentences and frequently used expressions related to areas of most immediate relevance (e.g. basic personal, professional, and family information, shopping, local geography, employment). You can communicate in simple and routine tasks requiring a simple and direct exchange of information on familiar and routine matters. You can describe in simple terms aspects of their background, immediate environment, and matters in areas of immediate need.

Question: How will learning B1 benefit me?

Answer: You can understand the main points of clear standard input on familiar matters regularly encountered in work, school, leisure, etc. You can deal with most situations likely to arise while traveling in an area where the language is spoken. You can produce simple connected text

Career opportunities with HERE AND NOW - The French Institute:

CEO: The candidate must have a minimum of 10 years of experience in leading an organization preferably in the education industry. The candidate will be responsible for heading the product launch and development of HERE AND NOW. If the candidate wishes to know more about the compensation details they can email their applications to hr@hereandnow.co.in detailing their profile.

CTO: The candidate must have experience and latest technical knowledge about all things concerning AI, technology and relevant progress in the industry.

Pedagogy Director: The candidate must be a native speaker or hold a C level certification. They will be heading the pedagogic department along with initiating activities that coordinate with other departments.

Sales Support Officer: The candidate should support the Admissions officer as well as the administrative department when the role demands it. This may include digital as well as offline methods (organising campus visits to universities/ approaching the placement cell to discuss placement opportunities after learning French). Digital modes include completing the onboarding of students by collecting their identity proof and filling out the duly signed application form to the satisfaction of the department. The aforementioned documents should be organized/uploaded to Google Drive and communicated to the team so that the classes can commence.

How to become a French professor at HERE AND NOW: The candidate must have completed DELF B2 or equivalent post assessment on the interview and trained in the HERE AND NOW methodology of teaching Business French. If the candidate has a lower qualification they can enroll in the courses offered and still be absorbed as a professor or pedagogic intern.

How to become a French Translator:

Interpreter:

Content writer: The candidate should have commercial awareness about the latest genre of videos that are gaining attention on social media and incorporate them in production of videos for better reach.

HR Manager: The candidate should have experience in recruiting for internal and external positions that would reduce the workload on managers. They should be proactive in streamlining operations and existing systems to more time working on core activities. The candidate would also be responsible for leading a team of recruiters meticulously trained and assigned to every department of HERE AND NOW. Administrative and recruiting duties need to be assigned based on strengths of each person since coordinating with vendors should not interrupt workflow or progress of recruiters.

Internships: HR, Digital Marketing, Pedagogic Intern, Business Development, AI.

Experience certificates for interns and employees: The date of joining and end date of internship that was meticulously recorded (and updated, if necessary) while onboarding and the responsibilities of the intern/employee should be cross-verified with the immediate supervisor and assigned manager for approval.

Course completion certificates: The request can be processed post-approval from the Pedagogic Director for further assessment and validation of alumni data.

Diplomas for students: The student should submit a [Google Form](#) for the approved and relevant levels post publishing of results by the Pedagogic Department. The picture submitted should be passport size and professional.

AI in classrooms:

AI-powered language apps are more convenient, personalized, and effective. Often integrated into eLearning courses, apps give learners remote access to content and can play an active role in the process.

Just as the rise of online education revolutionized the language learning process, developments in AI technology promise a new turning point. Studying a language with AI is becoming increasingly common, as AI enables various useful features in apps and programs.

Language bots:

Many believe that to fully understand the peculiarities of a language, you must engage with native speakers. However, AI models replicate real speech and conversations with rapidly increasing accuracy. HERE AND NOW - THE FRENCH INSTITUTE has built an AI assistant 'Caramel'. Caramel's language learning chatbot can respond to messages with personalized, relevant information. Language learners can use a chatbot to practice conversations without the anxiety they may feel when talking to a person.

Under HERE AND NOW Group, there are two organizations currently. They are HERE AND NOW - The French Institute founded on the 14th of July 2011 providing language related services and HERE AND NOW ai providing ai related services.

Prompts data creation: Using the above information on all the 10 departments of HERE AND NOW - The French Institute, I want you to create a dataset with 1000 rows in the following format:

Column 1: instruction (instruction column should in the form of questions)

Column 2: context

Column 3: response (instruction column should in the form of answers)

Column 4: category

Column 5: department

Notes: Since, I don't have complete information for creating the dataset. At this juncture of testing, all I intend is to find out how well the model functions. I need you to create 1000 rows of the five columns of data with the given information. Wherever the information is missing, you can be creative to imagine your own instructions, context, responses and put them in the respective category and department. I will read your output and make the necessary adjustments on my own.
